

DEAR RESIDENTS AND THEIR FAMILIES, STAFF AND FRIENDS

As the cases of COVID-19 slowly begin to decrease in pockets of Canada, the government has issued new directives for retirement homes. Yesterday we received a number of updates, including news that family visits can resume as of June 18th.

We are digesting all of the information and will provide specific detail on what the new directives mean for Retirement Life Communities Group of Companies next week, once we finalize our protocols together with direction from government and public health experts.

We know everyone is very much looking forward to seeing their loved ones and resuming daily activities, and so we ask for your patience as we finalize the safest approach for our communities.

Sincerely,

Jason Mercier, Director of Operation, Retirement Life Communities Group of Companies
